COUNTY NEEDS ASSESSMENT FY 2020-2021

COUNTY NEEDS ASSESSMENT FY 2020-2021

Youth Level

- While we could not get race/ethnicity data for chronic absenteeism in this community because the frequency was too low to report, Hispanic, Native American, and Black youth are over-represented statewide in chronic absenteeism.
- There were more youth eligible for Free and Reduced lunch, as compared to the state.
- This community has not participated in the NRPFS since 2016 and should consider participating in the next survey year (2020) to get updated youth-level data on mental health, gangs, supportive adults and community perceptions of substance use.
- Using data from 2016, 12th graders reported feeling more depressed, suicidal ideation, alcohol use, binge drinking, and tobacco use.
- JJI did not have risk assessment scores for diversion from the 2015-2017 assessment evaluation to include. If the county is not using a validated assessment tool, then it should begin doing so (there will be a statewide tool coming in July 2021). If the county does have assessment data in digital format for JJI to analyze, we would be happy to update this table.
- Although there is not much juvenile crime, crime for all ages decreased from 2018 to 2019.
- Most cases (66%) that receive a citation are being referring to diversion.
- Law enforcement data by race and ethnicity would be very beneficial to have a clearer picture of RED. With such few cases for each race/ethnicity, a RED analysis is not warranted.

*Greeley County sheriff did not report to NCC 2015 - 2018

Family Level

- Rates of poverty do not appear to be an issue as compared to the state average.
- Number of adults with bachelor's degrees is lower than the state average; it may be possible that residents who go to college outside of the County find employment where they go to school and do not return to the County.
- Fewer 8th and 12th graders report having a supportive adult at home as compared to the state average.

Table 15.

Poverty/SES, Educational Attainment, Technology and Computers in Home, Housing, and Transportation (5-year estimates, 2014-2018) ^a

	Abuse/Neglect Calls	Reports Assessed	Substantiated	Unfounded
Greeley	19	32%	0%	67%
Nebraska	36,480	33.4%	16.0%	68.3%

Community Level

- 10th and 12th graders indicate their community does not find alcohol or cigarettes wrong or very wrong, as compared to the state average.
- Juvenile record sealing is not “automatic” even if statute requires it to seal. Sealing a record requires administrative staff to initiate the process. Dismissed or dropped cases should be sealed at a rate of 100%. All others should be sealed at the rate to which youth successfully complete their court requirements (completion of diversion, probation, restorative practice, or other treatment). Yearly data is available in the Appendix to see if the rate has improved because of legislation, but newer cases should naturally have lower rates of sealing than older cases.
- Data for race and ethnicity at each juvenile justice system point is imperative for an accurate Racial and Ethnic Disparities (RED) analysis. The court trial database (JUSTICE) has a high rate of missing data by race/ethnicity.

Table 19.

Community Violence Measured by Arrests for Violent Crime (2019) ^j

Type of Violence	Greeley	Nebraska

Juvenile Court Record Sealing Analysis (2015 – 2019) ^m

	Number of charges Sealed	Total Number of charges	Sealed (%)
Dismissed or Dropped	3	7	42.9%
Offered Diversion, mediation, or RJ	--	--	--
Filed in Juv. Court	6	27	22.2%
Filed in Adult Court (M or I)	1	1	100.0%
Filed in Adult Court and Transferred to Juv. Court	--	--	--
Total	10	35	28.6%

*Cases offered diversion, mediation or RJ are not available data points in JUSTICE. All cases filed in adult court and transferred to juvenile court overlapped with cases that were filed in adult court as a misdemeanor or infraction; as such, they were omitted from analysis

Policy, Legal and System Level

- This county is not required to provide counsel at the time of filing and the rates for access to counsel is about the state average.
- With respect to diversion practices, the community may want to consider a few things:
 - Allowing warning letters for the lowest risk youth
 - Having a process for sealing records for youth on diversion with law enforcement and JCMS, as required by statute.
 - ensure fees are similar to court costs (even with the sliding scale)
 - use graduated sanctions, where youth are given incremental consequences or rewards, as opposed to discharging them unsuccessfully as a first response.

Table 22.

Percent of Youth in Juvenile Court Who Had Access to Counsel (2018) ⁿ

	Greeley	Nebraska
Access to Counsel	60.0% -- 79.9%	73.5%

Neb. Rev. 43-272. Right to counsel; appointment; payment; guardian ad litem; appointment; when; duties; standards for guardians ad litem; standards for attorneys who practice in juvenile court.

(1)(a) In counties having a population of less than one hundred fifty thousand inhabitants, when any juvenile shall be brought without counsel before a juvenile court, the court shall advise such juvenile and his or her parent or guardian of their right to retain counsel and shall inquire of such juvenile and his or her parent or guardian as to whether they desire to retain counsel.

(b) In counties having a population of one hundred fifty thousand or more inhabitants, when any juvenile court petition is filed alleging jurisdiction of a juvenile pursuant to subdivision (1), (2), (3)(b), or (4) of section 43-247, counsel shall be appointed for such juvenile.

Use of graduated responses prior to discharge	No	Yes: 47.7% No: 25.0% Not sure: 27.3%
Sealing diversion records	Not sure	Yes: 59.1% No: 22.7% Not sure: 18.2%

*responses included 44 juvenile diversion programs; representing 68 counties/tribe (91.9% response rate)

Community Team Level

- A community lead should be able to get roughly a 75% response, to ensure active participation on planning issues.
- The response rate for the collective impact survey decreased from 2019 to 2020. With the low response rate, the collective impact domains and diversity of the team are not reliable.
- The community team should be representative of the community; however, there should be representation from groups that are over-represented in the juvenile justice system (i.e., Hispanic/Latino and Black).

Table 26.
Collective Impact Survey Response Rates ^P

	Custer Team		Nebraska	
Year of survey	2019	2020	2019	2020
Number of surveys sent	30	34	1407	780
Number of completed surveys	3	2	221	345
Response rate	10.0%	5.9%	28.3%	24.5%

Table 27.
Collective Impact Survey Scores ^P

	Custer Team		Nebraska	
Year of survey	2019	2020	2019	2020
	Mean Score		Mean Score	
Common agenda	4.55	5.00	5.29	5.69
Mutually reinforcing	5.04	4.50	5.37	5.50
Shared measurement	5.00	4.50	5.21	5.45
Continuous communication	5.30	5.00	5.49	5.55
Backbone agency	5.33	5.00	5.52	5.78

The five elements of Collective Impact are:

COUNTY NEEDS ASSESSMENT FY 2020-2021

- **Common agenda:** Participants have a shared vision and common understanding of both the problem and potential solutions to that problem.
- **Mutually reinforcing activities:** Participant activities must be differentiated while still being coordinated through a mutually reinforcing plan of action.
- **Shared measurement:** Collecting data and measuring results consistently across all participants ensures efforts remain aligned and participants hold each other accountable.
- **Continuous communication:** Consistent and open communication is needed across stakeholders to build trust, assure mutual objectives, and create common motivation.
- **Backbone support:** Creating and managing Collective Impact often requires a separate organization(s) with staff and a specific set of skills to serve as the backbone for the entire initiative and to coordinate participating organizations ^q
