COUNTY NEEDS ASSESSMENT FY 2020-2021

EVIDENCE-BASED NEBRASKA JUVENILE JUSTICE INSTITUTE

COUNTY NEEDS ASSESSMENT FY 2020-2021

Youth Level

- Hispanic youth are over-represented in chronic absenteeism compared to Holt County demographics and school enrollment.
 - While we could not get race/ethnicity data for chronic absenteeism in this community 0 because the frequency was too low to report for Native American, Asian, and Black youth are over-represented statewide in chronic absenteeism.
- Holt County has higher than state averages of youth who qualify for free/reduced lunch, a little • less $\frac{1}{2}$ of the students in the last two years.
- Graduation rates are very high for Holt County the last 5 years. •
- More 12th grade youth report losing sleep from worry compared to the state. •
- More 10th and 12th graders report higher rates of use of alcohol, tobacco, and vaping compared to the state; 10th graders also report higher rates of binge drinking.
- 6.7% of 12th graders report gang involvement. •

UNIVERSITY OF NEBRASKA AT OMAHA

- Arrest rates have gone down for all age groups in Holt County. •
- JJI did not have risk assessment scores for diversion from the 2015-2017 assessment • evaluation to include. If the county is not using a validated assessment tool, then it should begin doing so (there will be a statewide tool coming in July 2021). If the county does have assessment data in digital format for JJI to analyze, we would be happy to update this table.
- Law enforcement data by race and ethnicity would be very beneficial to have a clearer picture • of RED. Compared to the overall population of Holt County, Hispanic youth are overrepresented in all system points except for having multiple charges filed and probation underrides.
- Once referred, youth of all race/ethnicity are enrolling and successfully completing diversion at • the rate to which they were referred.

COUNTY NEEDS ASSESSMENT FY 2020-2021

Family Level

- Holt County has a higher rate of extreme poverty compared to the state
- Number of people with bachelor's degrees is lower compared to the state; this could be a result of residents going to college in a different community and not returning to Holt County.
- The number of youth with access to computers is higher than the state average, but access to internet is lower.
- 8th and 10th graders report feeling less supported by adults at home compared to the state.
 All grades report higher rates of support from adults at school comparted to the state.
- ³/₄ of abuse/neglect cases are unfounded.

COUNTY NEEDS ASSESSMENT FY 2020-2021

Community Level

- Youth perceptions of community attitudes on alcohol use is lower than the state for all grades; 10th and 12th graders also report lower perceptions of community attitudes on alcohol and cigarettes.
- Juvenile record sealing is not "automatic" even if statute requires it to seal. Sealing a record requires administrative staff to initiate the process. Dismissed or dropped cases should be sealed at a rate of 100%. All others should be sealed at the rate to which youth successfully complete their court requirements (completion of diversion, probation, restorative practice, or other treatment).
- Data for race and ethnicity at each juvenile justice system point is imperative for an accurate Racial and Ethnic Disparities (RED) analysis. The court trial database (JUSTICE) has a high rate of missing data by race/ethnicity in this county.

Table 19.

Community Violence Measured by Arrests for Violent Crime (2019) ^j

Type of Violence	Holt	Nebraska

see Appendix for yearly data

	Number of charges Sealed	Total Number of charges	Sealed (%)
Dismissed or Dropped	29	40	<mark>72.5%</mark>
Offered Diversion, mediation, or RJ			
Filed in Juv. Court	151	323	46.7%
Filed in Adult Court (M or I)	51	67	76.1%
Filed in Adult Court and Transferred to Juv. Court			
Total	231	430	53.7%

*Cases offered diversion, mediation or RJ are not available data points in in JUSTICE. All cases filed in adult court and transferred to juvenile court overlapped with cases that were filed in adult court as a misdemeanor or infraction; as such, they were omitted from analysis

COUNTY NEEDS ASSESSMENT FY 2020-2021

Policy, Legal and System Level

- This county is not a county required to provide counsel under statute; however, access to counsel is similar to the state average, but still lower than ideal.
- There are few curfew and 3A, 3B, and 3C filings in court so the community is diverting appropriately.
- With respect to diversion practices, the community may want to consider a few things:
 - o Allowing warning letters for the lowest risk youth
 - It is not clear why all first-time offenders are not referred to diversion but perhaps this is due to the ineligible offenses.

Table 22. Percent of Youth in Juvenile Court Who Had Access to Counsel (2018)ⁿ

	Holt	Nebraska
Access to Counsel	60.0% 79.9%	73.5%

<u>Neb. Rev. 43-272</u>. Right to counsel; appointment; payment; guardian ad litem; appointment; when; duties; standards for guardians ad litem; standards for attorneys who practice in juvenile court.

(1)(a) In counties having a population of less than one hundred fifty thousand inhabitants, when any juvenile shall be brought without counsel before a juvenile court, the court shall advise such juvenile and his or her parent or guardian of their right to retain counsel and shall inquire of such juvenile and his or her parent or guardian as to whether they desire to retain counsel.

(b) In counties having a population of one hundred fifty thousand or more inhabitants, when any juvenile court petition is filed alleging jurisdiction of a juvenile pursuant to subdivision (1), (2), (3)(b), or (4) of section 43-247, counsel shall be appointed for such juvenile.

*responses included 44 juvenile diversion programs; representing 68 counties/tribe (91.9% response rate)

COUNTY NEEDS ASSESSMENT FY 2020-2021

Community Team Level

- A community lead should be able to get roughly a 75% response, to ensure active participation on planning issues, your response rate was 75.0%.
- Mean score on Collective Impact is higher than in 2019 and higher than the state average in all areas
- The community team should be representative of the population of that community but should also include diversity. It might be beneficial to add diverse member to your team (especially because of the patterns of over and under representation.)
 - \circ $\;$ This pertains to gender as well as race/ethnicity.
- On the survey –no probation, law enforcement, attorneys, treatment providers, child welfare, or elected officials in your team–but perhaps they did not respond to the survey.
 - The number of people on the team the survey was sent to is small, so you may want to consider growing the team to include other system points.
- 1/3 of people who responded indicated they do not feel heard on the team.

UNIVERSITY OF NEBRASKA AT OMAHA JUVENILE JUSTICE INSTITUTE COUNTY NEEDS ASSESSMENT FY 2020-2021

The five elements of Collective Impact are:

- **Common agenda:** Participants have a shared vision and common understanding of both the problem and potential solutions to that problem.
- **Mutually reinforcing activities:** Participant activities must be differentiated while still being coordinated through a mutually reinforcing plan of action.
- **Shared measurement:** Collecting data and measuring results consistently across all participants ensures efforts remain aligned and participants hold each other accountable.
- **Continuous communication:** Consistent and open communication is needed across stakeholders to build trust, assure mutual objectives, and create common motivation.
- **Backbone support**: Creating and managing Collective Impact often requires a separate organization(s) with staff and a specific set of skills to serve as the backbone for the entire initiative and to coordinate participating organizations ^q
