Quarterly Reporting Checklist – JCMS programs

Quarterly - Make sure your individual youth data is entered and up to date in JCMS. Please note that you don't have to wait until quarterly reporting to enter data - the JCMS was designed to be utilized as a case management system so you can enter youth as soon as they are referred to or enrolled in your program.

Quarterly - Complete the three-question narrative in JCMS (see below for walkthrough document). Please complete a narrative even if youth were not served during that quarter.

Annually - Complete program-level annual report (available at the end of each fiscal year)

Welcome to JCMS!

If, at any point, a definition is needed for data entry, please refer to JJI's webinar or the JCMS Codebook Program Definitions.

To access JCMS go to ncjis.nebraska.gov. You must have a Crime Commission Certificate on your computer to access JCMS. If you have not yet installed your certificate, follow the installation instructions you received with your certificate. If you need a certificate, contact JJI.

Click the "Login" button.

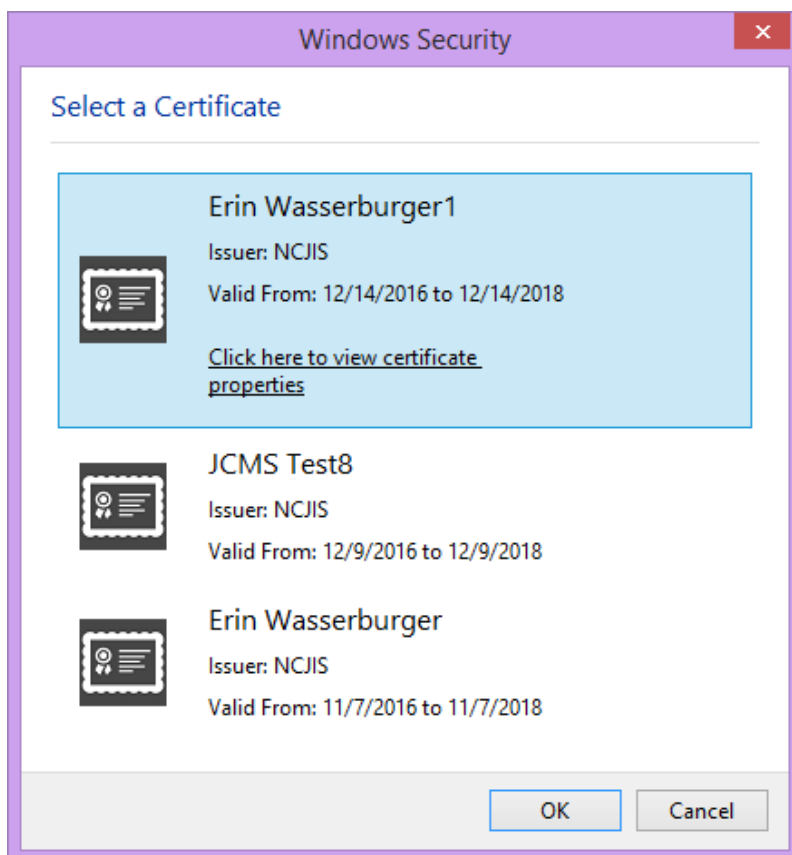

Welcome to...

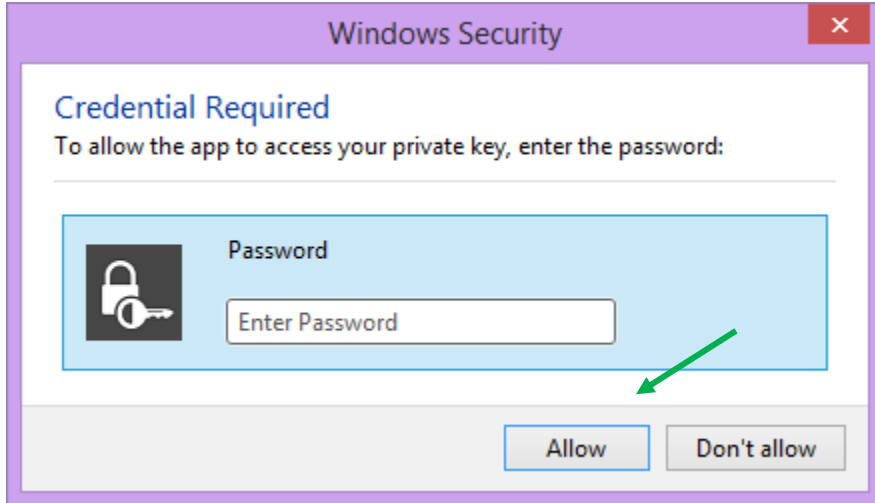

The Nebraska Criminal Justice Information System is a cooperative project between state and local criminal justice agencies within the state of Nebraska. This project is hosted by the Nebraska Crime Commission.

You will be prompted to select a certificate from the list of certificates you have on your computer - you may only have one, you may have more than one. If you report for multiple counties make sure you are picking the correct certificate. You will need to click on the certificate you intend to use.

A new window will pop up to ask for a password to allow the certificate. This is the password that you created when you installed your new certificate (step 18 in the install process). Click allow when you have entered your password.

Enter your website password. This is not the import password you received with your certificate. It is the random number/letter/symbol password you received at the same time as your certificate. *Passwords must be changed every 90 days. If you have been using JCMS for more than 90 days your password may be different from the one you initially received*

Data Entry in JCMS

In order to start data entry for a new youth, please click on "New Client."

Juvenile Case Management System: COUNTY ATTORNEYS OFFICE SEWARD

Search: Search Show All Open Cases Search all counties

After clicking on the "New Client" button, a screen will pop up that asks for all the demographic information about the youth. All required sections are marked with an asterisk. The "Case Type" dropdown menu will show eligible programs by certificates. Be sure to choose the correct program for each youth, then click the "Save" button. This will create the intake and program screens for this program type. If your program does not have a

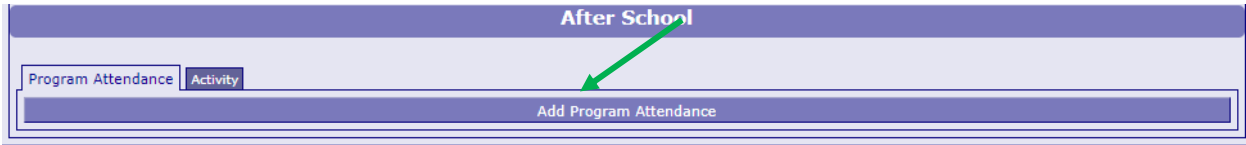

formal referral process, the date of referral may be the same as the date of enrollment.

After you have successfully saved your information, the screen for data entry will appear. Here we want to fill out as many of the fields as possible. If there are notes you wish to keep about a specific case, please write them in the "Narrative" section. Please note that the referral date entered when the client was created will populate into the "Referral Date" field in the intake section. **All work is saved automatically.**

To add program attendance, click on the button "Add Program Attendance". This will open the program specific fields to complete.

The screenshot shows a web interface for an "After School" program. At the top, there is a blue header with the text "After School". Below the header, there are two tabs: "Program Attendance" (which is selected) and "Activity". At the bottom of the interface, there is a blue button labeled "Add Program Attendance". A green arrow points from the top of the page down to this button.

Record the dates and total hours that the youth attended the program during that period. Please also provide the number of hours the program was available during that period. Any additional notes about the program or the youth may be added in the narrative box.

The screenshot shows the "Add Program Attendance" form for the "After School" program. The form has a blue header with "After School" and two tabs: "Program Attendance" (selected) and "Activity". The form contains several input fields: "Begin Date *" (highlighted in yellow), "End Date *", "Hours Youth Attended *", "Hours Program Available *", and "# of Occurrences". There is a "Delete Program Attendance" button to the right of the "Hours Program Available" field. Below these fields is a large text area labeled "Narrative". At the bottom of the form, there is a blue button labeled "Add Program Attendance". A green arrow points from the top of the form down to this button.

To record a new, separate contact with the youth, click the "Add Program Attendance" button at the bottom of the program type. Do not create a new youth each time - you can create as many contacts on one youth as needed for the duration of the program.

If you would like to test the screens and fields in JCMS without entering/altering data for a youth, please create one test youth for your program. Make sure that "JJI" appears in either the first or last name fields so that it can easily be recognized as a test case for data evaluation purposes. These test cases can be deleted at any point.

Narrative entry in JCMS

On the top of the page, click on the "Grant Admin" button. This will open up the three-question narrative screen.

Juvenile Case Management System: COUNTY ATTORNEYS OFFICE SEWARD								
Search:	<input type="text"/>	Search	Show All Open Cases	New Client	Reports	Administrative	Grant Admin	Support
<input type="checkbox"/> Search all counties								

Please enter the grant and program information in the boxes at the top. You must select a program type before you will be able to save your narrative. Answer the three questions, then click the button "Submit Narrative". You will be able to go in and make changes to your narrative until it is certified by your county lead. You will not have to click save when making changes.
