# Referral Services Programs User Guide

## Quarterly Reporting Checklist – JCMS programs

Quarterly - Make sure your individual youth data is entered and up to date in JCMS. Please note that you don't have to wait until quarterly reporting to enter data - the JCMS was designed to be utilized as a case management system so you can enter youth as soon as they are referred to or enrolled in your program.

Quarterly - Complete the three-question narrative in JCMS (see below for walkthrough document). Please complete a narrative even if youth were not served during that quarter.

Annually - Complete program-level annual report (available at the end of each fiscal year)

Welcome to JCMS!

If, at any point, a definition is needed for data entry, please refer to JJI's webinar or the JCMS Codebook Program Definitions.

To access JCMS go to [ncjis.nebraska.gov](http://ncjis.nebraska.gov). You must have a Crime Commission Certificate on your computer to access JCMS. If you have not yet installed your certificate, follow the installation instructions you received with your certificate. If you need a certificate, contact JJI.

Click the "Login" button.

Welcome to...

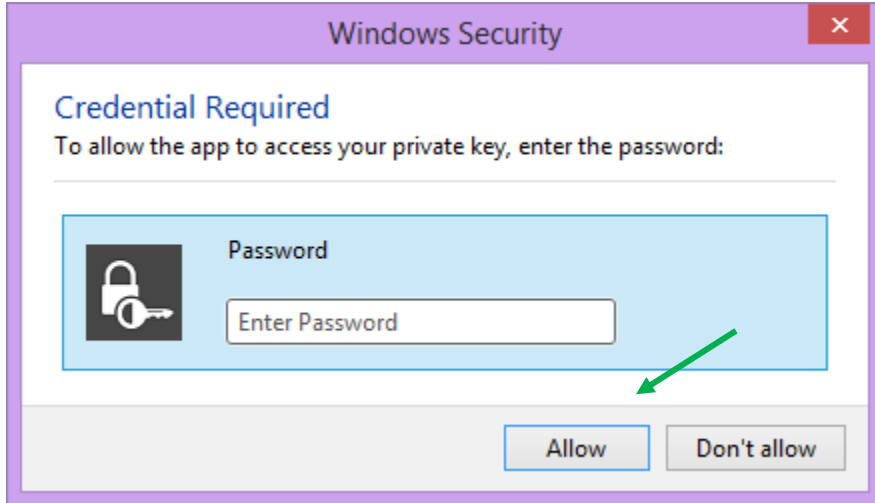

*The Nebraska Criminal Justice Information System is a cooperative project between state and local criminal justice agencies within the state of Nebraska. This project is hosted by the Nebraska Crime Commission.*

You will be prompted to select a certificate from the list of certificates you have on your computer - you may only have one, you may have more than one. If you report for multiple counties make sure you are picking the correct certificate. You will need to click on the certificate you intend to use.

A new window will pop up to ask for a password to allow the certificate. This is the password that you created when you installed your new certificate (step 18 in the install process). Click allow when you have entered your password.

Enter your website password. This is not the import password you received with your certificate. It is the random number/letter/symbol password you received at the same time as your certificate. \*Passwords must be changed every 90 days. If you have been using JCMS for more than 90 days your password may be different from the one you initially received\*

## Data entry in JCMS

The first time you log in to enter data for Referral Services, please start by selecting "Administrative". You can also go back to this step whenever you need to add/remove an assessment or service type offered by your program.

When selected, "Assessments" and "Services" tabs will be available. Please be aware that the green arrows show that these lists are continuous down the page and most are not pictured in this image. Some assessment and service types are selected automatically at default; please unselect/select only any/all types and services you administer.

If you would like to test the screens and fields in JCMS without entering/altering data for a youth, please create one test youth for your program. Make sure that "JJI" appears in either the first or last name fields so that it can easily be recognized as a test case for data evaluation purposes. These test cases can be deleted at any point.

## Narrative entry in JCMS

On the top of the page, click on the "Grant Administration" button. This will open up the three-question narrative screen.
