## Quarterly Reporting Checklist – JCMS programs

Quarterly - Make sure your individual youth data is entered and up to date in JCMS. Please note that you don't have to wait until quarterly reporting to enter data - the JCMS was designed to be utilized as a case management system so you can enter youth as soon as they are referred to or enrolled in your program.

Quarterly - Complete the three-question narrative in JCMS (see below for walkthrough document). Please complete a narrative even if youth were not served during that quarter.

Annually - Complete program-level annual report (available at the end of each fiscal year)

Welcome to JCMS!

If, at any point, a definition is needed for data entry, please refer to JJI's webinar or the JCMS Codebook Program Definitions.

To access JCMS go to [ncjis.nebraska.gov](http://ncjis.nebraska.gov). You must have a Crime Commission Certificate on your computer to access JCMS. If you have not yet installed your certificate, follow the installation instructions you received with your certificate. If you need a certificate, contact JJI.

Click the "Login" button.

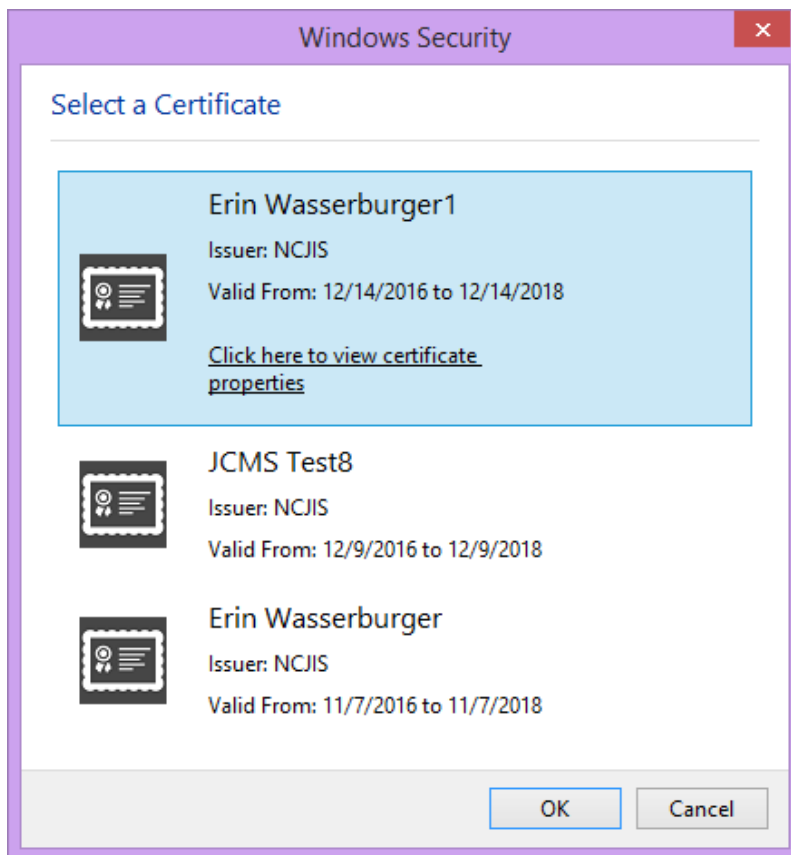

Welcome to...

*The Nebraska Criminal Justice Information System is a cooperative project between state and local criminal justice agencies within the state of Nebraska. This project is hosted by the Nebraska Crime Commission.*

You will be prompted to select a certificate from the list of certificates you have on your computer - you may only have one, you may have more than one. If you report for multiple counties make sure you are picking the correct certificate. You will need to click on the certificate you intend to use.

A new window will pop up to ask for a password to allow the certificate. This is the password that you created when you installed your new certificate (step 18 in the install process). Click allow when you have entered your password.

Enter your website password. This is not the import password you received with your certificate. It is the random number/letter/symbol password you received at the same time as your certificate. \*Passwords must be changed every 90 days. If you have been using JCMS for more than 90 days your password may be different from the one you initially received\*

## Data entry in JCMS

In order to start data entry for a new youth, please click on "New Client."

The screenshot shows the top of the JCMS interface. A blue header bar contains the text "Juvenile Case Management System: COUNTY ATTORNEYS OFFICE SEWARD". Below the header, there is a search bar with a "Search" button and a "Show All Open Cases" button. To the right of the search bar is a navigation menu with buttons for "New Client", "Reports", "Administrative", "Grant Admin", and "Support". A green arrow points to the "New Client" button.

After clicking on the "New Client" button, a screen will pop up that asks for all the demographic information about the youth. **All fields in this area marked with an asterisk (\*) are required to create the case in JCMS.** The "Case Type" dropdown menu will show eligible programs by certificates. Be sure to choose the correct program for each youth, then click the "Save" button. This will create the intake and program screens for this program type. If your program does not have a formal referral process, the date of referral may be the same as the date of enrollment.

The screenshot shows the "Client" data entry form. The form has a title bar "Client" and several input fields. The fields are: ClientID, First Name \*, Middle Name, Last Name \*, Date of Birth \*, Gender \*, Race/Ethnicity \*, Self-Reported Race/Ethnicity, NE Student ID, Agency \*, Referral/Event Date \*, and Case Type \*. The Agency field is set to "COUNTY ATTORNEYS OFFICE SEWARD". The Case Type field is set to "Select a case type". There are "Save" and "Cancel" buttons at the bottom right. A green arrow points to the "Save" button.

After you have successfully saved your information, the screen for data entry will appear. Here we want to fill out as many of the fields as possible. If there are notes you wish to keep about a specific case, please write them in the "Narrative" section. Please note that the referral date entered when the client was created will populate into the "Referral Date" field in the intake section **All work is saved automatically.**

During the time the youth is in the intervention program, you'll be meeting directly with the youth and recording the direct contact times with the youth. Click the "Add Contact" button to display the fields for contact with the youth. If you know that you will be meeting weekly for the same thing, the begin and end date may have a gap distance - in this case, please explain in further detail. All individuals who are involved with the meeting should be recorded, as well as the name of the facilitator. Please add any additional comments that you feel may be necessary in the "Notes" section.

This screenshot displays the "Contacts" form. At the top left is a "Contacts" tab. The form contains several input fields and dropdown menus: "Begin Date \*", "End Date \*", "Primary Reason for Contact \*", "Secondary Reason for Contact", and "Additional Reason for Contact". Below these is a section for "Attendees:" with checkboxes for "None", "Youth", "Victim", "Parents of Youth", "Law Enforcement", "Parents of Victim", "Counselor", "School Interventionist", "Support Person", "Social Worker", "Other Student", "Therapist", "School Administrator", and "Other". There is also a text input field for "If other, relationship to youth". Further down are fields for "Facilitator Name", "Problem Identified", "Intervention Attempted \*", and "Outcome \*". A "# of Occurrences \*" field is followed by a "Delete Contact" button. At the bottom of the form is a large "Notes" text area. A green arrow points down from the "Notes" area towards the "Add Contact" button located at the very bottom of the page.

To record a new, separate contact with the youth, click the "Add Contact" button at the bottom of the program type. Do not create a new youth each time - you can create as many contacts on one youth as needed for the duration of the program.

As the time with your youth comes to an end, please be sure to fill out the "Discharge" section with as much information as possible. Please add any additional comments that you feel may be necessary about the discharge of the youth in the "Discharge Narrative" box.

If you would like to test the screens and fields in JCMS without entering/altering data for a youth, please create **one** test youth for your program. Make sure that "JJI" appears in either the first or last name fields so that it can easily be recognized as a test case for data evaluation purposes. These test cases can be deleted at any point.

## Narrative entry in JCMS

On the top of the page, click on the "Grant Admin" button. This will open up the three-question narrative screen.

Please enter the grant and program information in the boxes at the top. You must select a program type before you will be able to save your narrative. Answer the three questions, then click the button "Submit Narrative". You will be able to go in and make changes to your narrative until it is certified by your county lead. There is a "Save Narrative" button which will save your current narrative and open a new, blank narrative. You will still need to submit your narrative for your county lead to certify it. You don't have to click "Save Narrative" for your work to save - the system automatically saves as you type.

Please indicate if youth were served this quarter. Provide additional details in first question

Describe activities that have taken place during the reporting period which are specific only to the grant and matching funds. (The information provided should not be a listing of the day to day duties or job responsibilities. Provide a summary of the program activities and accomplishments that have taken place during the quarter; information about coordination with other agencies; training attended or provided; anecdotal information; any stories that illustrate success of the project; etc.)

Describe any issues you have encountered in reporting individual-level youth data.

Explain any problems encountered and how they were addressed. Provide an explanation of the proposed solution, and the timetable for completion. (Problems encountered may include community or program issues; difficulties with coordination and planning; need for program modification; other issues arising that impact the program.)
